

# **CGSIC**

## **States and Local Government Subcommittee**

Ken Bays, Geodesist  
U.S. Bureau of Land Management  
September 20, 2004

# Charter

- To provide an open forum for civil user information exchange concerning the use of GPS by state and local governments within the U.S. recommending appropriate action on those issues which concern their user needs.
- To identify the common needs of state and local governments for GPS information, respond to such requests and concerns submitted by this user community, and forward issues to the full CGSIC.
- Identify information requirements and methods to distribute this information to state and local government users of GPS,

# Charter

- To maintain a list of active points of contact in state and local governments which support CGSIC activities.
- To conduct state and local government GPS information studies on civil user needs.
- To effectively support the CGSIC's role under the Interagency GPS Executive Board (IGEB).
